TIMO RIEGEBAUER

Full Stack Web Developer

Liebengasse 12, Graz, 8042, Austria

+43 660 8654074 **timo@triegebauer.at**

PROFILE

Starting with PHP, I now excel in modern frontend frameworks and TailwindCSS, while also leveraging Golang for backend systems. My key achievements include developing efficient, user-friendly web applications that enhance workflow and user experience. Driven by a passion for creating innovative solutions, I possess strong skills in software development and a deep understanding of current technologies.
